

Roberts Asks For Passage Of More Assessment Laws

NASHVILLE, Tenn., Sept. 3. (Sp.)—In a special message Thursday Gov. Roberts urged upon the legislature the passage of several tax laws. The first measure mentioned was a bill to apply the sliding scale rates to county and district assessments. Another important bill he said was one relating to the uncovering and assessment of personal property not heretofore listed for taxation.

"It is especially important that this be done now," the message said, "in order that the taxing department of the state may make preparation for a full and complete assessment of all unassessed property next year. The third measure called to the attention of the lawmakers was an elaborate bill, prepared by the attorney-general, which has for its object the assessment of the intangible property of certain corporations.

The message suggested the appointment of a special committee to be composed of the chairman of the state board of equalization, the attorney-general and the chief statistician to make a thorough study and report to the next general assembly upon the present tax laws and suggest any necessary amendments.

Former Viceroy Of Ireland Is Against Government Policy

LONDON, Sept. 3. (By the Associated Press)—The marquis of Aberdeen and Tennyson, former viceroy of Ireland, in a letter to a weekly paper, strongly advised a reversal of the government's policy of coercion in Ireland and the release of Lord Mayo's affairs since 1914. The marquis points out that the placing of the home rule act on the statute books had a good effect and that six months after the outbreak of the war Ireland was free from disturbance as it was in England.

When he left Ireland officially in February, 1915, the marquis adds, the postponement of the home rule act and other matters had greatly damaged the enthusiasm for recruiting and it was useless to disguise the fact that the appointment of Sir Edward Carson to high office in the new coalition government had a very bad effect.

The marquis dates the growth of the Sinn Féin movement from this time. He strongly condemns raids on private houses in Ireland, which he computes to number 20,000 in the past two years.

NEW YORK BUILDING STRIKE THREATENED

NEW YORK, Sept. 3.—Extension of the strike of building trades employees to include carpenters, electrical workers and others engaged in apartment building and renovation—embracing a total of workers estimated at 15,000—was predicted today by F. E. Heidenhapp, national organizer of the Amalgamated Metal Workers' union, unless the plumbers' grievances are amicably settled.

Consideration of such action on the part of all allied trades unions here was given as the reason for the calling of a meeting tonight of the United Council of Labor Unions for co-operative action by all unions, both those that have called and those contemplating calling strikes, will be held at the meeting, it was said by labor leaders.

ANDERSON OPTIMISTIC IN "OLE MISS" CONTEST

RIPLEY, Miss., Sept. 3. (Sp.)—Hon. Albert C. Anderson, editor of the South-ern Sentinel, and leading candidate for congress from the Second district, was at his home here yesterday. Senator Anderson was in high spirits as to the political outlook. He said that he had been in all parts of the district since the first primary, making speeches and meeting the people and that everywhere he has been voters have been coming to him in large numbers and pledging their support. He said that if every friend of his votes next Tuesday he has no doubt as to his success. "I want to express again my undying gratitude," Senator Anderson said, "to the people of my own and neighboring counties. My neighbors here in Tippah gave me a very handsome majority over all my opponents, and they did the same thing in Benton, the two counties where I am best known." Senator Anderson said it had been a pleasure to go before the people of the district with such a splendid endorsement from his home people.

Ripley gave Senator Anderson 354 votes in the first primary as against 98 for all his opponents.

BLUE MOUNTAIN COLLEGE TO OPEN SEPTEMBER 15

BLUE MOUNTAIN, Miss., Sept. 3. (Sp.)—The first session of Blue Mountain college since its transfer to the Baptists of Mississippi will begin on Wednesday, Sept. 15.

All of the dormitories are overflowing, and scores of students had to be rejected because of the lack of accommodations. President Lowrey has practically completed his faculty, has put in much new equipment during the summer, and has everything in readiness for the coming of the girls. While the ownership and direct management of this institution will now be in the hands of the Baptists of this state, the general supervision will be the same, the same superior officers having been retained by the board of trustees.

Kidnaping Follows Filing Of Ouster In School Fight

LITTLE ROCK, Ark., Sept. 3. (Sp.)—Clyde Machin and Mike Mann, anti-Gardner forces in the North Little Rock school contest, were temporarily restrained from acting as directors in an ouster proceedings case heard in circuit court here. The suit was filed by pro-Gardner forces Monday.

The kidnaping of a child in North Little Rock last night is said to have been prompted by the school fight. The child was stolen from his crib shortly after midnight. The child was found about 20 minutes later. Both factions have sound rewards for the capture of the kidnaper, and feeling is running very high.
